These Prowler series gas saws were designed to be economical and durable while providing the same quality and performance as the traditional Soff-Cut saws. We now have a Prowler saw for all size jobs. Designed with durability in mind, the Prowler saws can be recognized by their distinctive roll cage style. Much like the entire line of Soff-Cut saws, the Prowlers work in conjunction with Soff-Cut blades and patented skid plates to allow Ultra Early Entry™ concrete cutting, which minimizes chipping and spalling while getting the job done the same day.

BG86 \$239.95
BLOWER SKU# 480029

Part of our new line of low emissions handheld STIHL leaf blowers, the BG 86 has all the comfort features you need to work for hours at a time. This professional use gas leaf blower is equipped with a throttle lock and stop switch, along with a semi-automatic choke lever for smoother starts and ease of operation. Designed with our four-spring anti-vibration system, this leaf and debris blower is both powerful and fuel efficient—letting you run longer between fuel stops.

BR350 Blower \$369.95

SKU# 480046

When your landscape calls for professional-grade tools, turn to the STIHL BR 350 backpack blower. Its powerful and fuel-efficient gasoline-powered engine provides enough rugged power to tackle heavy debris, while delivering exceptional fuel economy and lower emissions than previous models. The anti-vibration technology enhances operator comfort during long runs, which are made possible by a large 57.5 oz. fuel tank. All told, the BR 350 is one of our best backpack blower values for larger properties, ranches, and farms.

BR600 \$499.95
